Here's What That Means...

What that means is YOU are meant to work guiding a sacred group of women or men.

The High Priest/Priestess is meant to be a space-holder, leader of a movement of highest service to collective awakening, a vessel for the divine, a living embodiment of love. He/She is a Mother/ Father, a Brother/Sister, a Son/Daughter. He/She is the Lover-Divinity in the matter. They honor the Divine Feminine & Divine Masculine principle within all. He/She integrates all these aspects with grace and magnificence, building harmony in all his/her creations.

The High Priest/Priestess feels drawn to hold space for others, being a coach, a guide for people of his/her gender. They may have experienced sexual abuse or toxic love relationships in the past and have overcome from those experiences. They are ready to show the way to others.

The High Priest/Priestess have had past lives in temples before. They feel drawn to pray and to prepare rituals and ceremonies reflecting sacredness in every moment of life.

Common “High Priest/Priestess” Mistakes & Blockers

You probably already knew you have the ability to help others, or it may be the first time you are discovering it.

In fact, **you came here with a mission to be fulfilled in this incarnation! If you do not do that mission, your soul will be totally disconnected with the purpose of its existence.**

The one big mistake “**The High Priest/Priestess**” can do is to miss windows of opportunity in love, prosperity matters, and spiritual leadership as well. The trinity “spirituality - love - prosperity” is not balanced.

Being an old soul, The High Priest/Priestess has past lives in temples, spiritual orders, and as a member of the ancient School of Mysteries.

Vows of poverty, celibacy, chastity have been done in order to enter those institutions. Love and Prosperity can be present in their life as a challenge to overcome.

And here's the thing...

The impact of those “missed windows” gets greater over time.

Not only do you miss out the opportunity to share the magic of your portals and inner healing tools, you also risk not fulfilling your soul mission, living without true passion and drive.

Living with no alignment in your life purpose and soul mission can create feelings of frustration, emptiness, dissatisfaction, sadness and even anxiety.
